Go Safely

We know safety is on everyone's mind these days, our priority has always been the safety of our customers and staff.

Thanks to the recent events we have taken additional steps to ensure that when you go with us, you go in a safety, clean, disinfected vehicle driven by a professional driver who has been background checked and health screened to ensure your ride is a safe one.

We are working on AGTA and SECTUR certification, raising our standards of quality, service and safety to provide you a better service:

✓ **Ventilating vehicles before and during cleaning.**

✓ **Washing hands thoroughly the day**

Our staff has been provides with a Advanced Antibacterial soap EPA approved for washing hands throughout the day. Our drivers are also using hand sanitizers approved by the EPA before and after boarding the Vehicles.

✓ **Focusing on frequently touched surfaces**

Our units are cleaned with an antibacterial all purpose cleaner, EPA approved for the commonly touched surfaces in the vehicle after each ride including electronic equipment, seat backs, seat belts, doors, windows, lights, air controls, arm rest and seats.

We are disinfecting the vehicles Spraying Antibacterial, EPA approved to spray the passengers cabin before each ride.

✓ **Limiting capacity**

We are limiting the number of passengers per vehicle to ensure social distancing is maintained.

✓ **Temperature and face mask**

All employees are wearing face mask to help limit the spread of COVID-19 and other illnesses. A Supervisor will conduct temperature checks on employees daily. Any difference on temperature or any symptoms, the employee will be returned home.
